RE: 2016-2020 Age Group Competition Program Rules Update #6

The Junior Olympic Program Committee (JOPC) met September 6-8, 2018 and made the following changes:

1. **Age determination for Level 4**  
An athlete who meets the requirement of being 6 years old on the age determination date of May 31, 2019, may compete Level 4. (example: an athlete who is 5 years old in September 2018, but turns 6 years old on or prior to May 31, 2019 may compete for the entire 2018-2019 season as a Level 4)

2. **Competition Apparel Clarification**  
Athletes must wear competitive apparel (as defined in the age group competition program manual) on the field of play (competition area) once competition has begun. This means that it is permissible for the athlete to train or warm up without a t-shirt or competition top in a separate warm up hall. It is also permissible for the athlete to train or warm up without a t-shirt or competition top in the field of play until competition begins. Once competition begins, competitive apparel must be worn in the field of play. Competition apparel must also be worn during the warmup period in the modified capital cup format once competition begins since this format does not use a separate warm up hall.

3. **Format Changes for the 2019 Junior Olympic National Championships.**
