2022 U.S. Classic Competition Rules

A. This will be an FIG rules event with the exceptions noted here.
   • FIG Code of Points –the current FIG version which can be found here: https://www.gymnastics.sport/site/rules/#2 plus any official Men’s Technical Committee Newsletters here: https://www.gymnastics.sport/site/pages/newsletters-mag.php
   • Most recent USAG/NGJA Rules Interpretations which can be found at http://www.ngja.org/
   • Senior Division athletes will use the FIG Code of Points rules for seniors with USAG Senior D score bonus system applied to final scores
   • Junior athletes will use the FIG Code of Points rules for juniors

B. A 30 second (50 seconds for PB) one-touch warm-up will be used. A one-touch warm-up will be provided at the beginning of each rotation followed by competition on that event.

C. Warm-ups will be open, with the exception of Parallel Bars which will have assigned time blocks with the rotation based on starting event (i.e. – the group which starts on PB will have the last warm-up block time at PB)

D. Matting
   • Horizontal Bar: The use of an 8-inch (20 cm) safety mat under horizontal bar is allowed for release moves. Additionally, the use of an 8-inch (20 cm) safety mat for dismounts is allowed at Winter Cup (as per additional matting below).
   • Use of a 10 cm on top of the 20 cm base mat is required for landings on Vault and on both sides of Horizontal Bar. This matting configuration can be changed according to the additional matting allowance noted below; however, the 20 cm base mat must remain in place and the minimum of 30 cm is required.
   • Additional Matting:
     FX  Up to 10 cm additional will be allowed – mat cannot be moved once in place. Matting may be used only for landings – no value skills may be initiated on the additional matting.
     SR 30 cm mats required
     V  30 cm mats required, up to 20 cm additional will be allowed (maximum 50 cm)
     PB Up to 10 cm additional will be allowed
     HB 30 cm mats are required, up to 20 cm additional allowed (maximum 50 cm)
E. **Vault:**
   - All vaults will receive a score (no zero vaults), with the exception of vaults that fail to touch the table.
   - Men’s vault numbers must be shown prior to each vault. Flash boards for vault numbers will be provided at the end of the vault runway.
   - Per FIG rules, during the 30 second warm up on Vault, each gymnast is permitted two (2) Vaults (maximum). This applies during any phase of the competition where the warm-up is occurring on the podium. The gymnast is entitled to their two (2) warm up Vaults even if the 30 second warm up time has expired.

F. The FIG competition apparel rules will be in effect (i.e. no dark colored competition pants)

G. A Broken Hand Guard rule will apply (i.e. a retrial for the breaking of a hand guard or dowel is allowed at the discretion of the head judge)

H. During competition, on the FOP, gymnasts, coaches, and judges are absolutely prohibited from using any electronic device to talk, transmit or receive messages (mobile phones, mini-notebooks, computers, etc.) or use any camera or video device

I. **Field of Play Time Exemption for Medical Staff Evaluation – Injury During Competition**
   - If a gymnast falls during a routine and an injury occurs requiring an on-podium medical response, the 30-second clock will not be started, if not already activated at the time of medical response. If the clock was already started prior to the medical response, the 30-second clock will be stopped and reset. Following medical assessment, if the athlete has been cleared to continue the routine, the 30 second clock will restart at that time.
   - If an injury occurs on the floor exercise during competition, requiring an on-podium medical response, the 75-second clock will be paused. Following medical assessment, if the athlete has been cleared to continue his routine, the 75-second clock will restart, beginning at the same time it was stopped.
   - **Concussion Amendment:** If a concussion is suspected and a more thorough evaluation, than what is possible on the podium, is deemed necessary by medical personnel off the field of play, the athlete will not be allowed to finish the event upon which the injury occurred. The athlete should be subsequently placed at the end of the rotation for the following event, if the athlete has an additional event to compete. Following additional medical evaluation off the field of play, if the athlete is cleared to return to competition, the athlete will resume competition on the following event at the end of the rotation. The athlete will remain at the end of the rotation for subsequent events to allow time for repeat medical assessments during the remainder of the competition, if deemed necessary.
