NCAA Eligibility and Use Considerations

National Gymnastics Foundation (NGF) Scholarships are recognized by the NCAA as counting against an individual institutions allowable number of grants in aide gymnastics scholarships. Accepting a National Gymnastics Foundation scholarship can affect an athlete's eligibility or ability to accept a NGF scholarship award, particularly for athletes attending NCAA programs with varsity men's gymnastics programs. Athletes are encouraged to check directly with the NCAA regarding any questions on eligibility issues.

A National Gymnastics Foundation Men's Scholarship, in many cases, can be used by athletes attending a university with a varsity gymnastics program; however, scholarship applicants who are planning to attend an institution with a varsity men's gymnastics program **MUST** discuss the ramifications of using a NGF scholarship with the coach of that institution before acceptance of the NGF scholarship.

NGF academic scholarships must be used by the athlete recipient to cover his documented educational expenses; NGF scholarship funds may not be used by the athlete's institution as budget relief in the instance where the athlete may not accept the scholarship due to NCAA program limits.

Additional Note: Only one scholarship will be awarded to an athlete in the same year. An athlete may not receive any other NGF assistance in a calendar year (i.e., training expense assistance).
