### J.O. Committee Meeting Agenda

#### 1. Program Committee Updates

Nuno debriefed the council on PC meeting items relating to the JO Committee.

#### 2. Virtual Mobility Scores

Within the virtual mobility process it was agreed that videoing for HD on the same video as for Execution and DD would be difficult, therefore mobility scores will be published without HD included, specifically for the virtual mobility process.

It was agreed to use 3 E scores for virtual sanction score calculation.

The committee discussed proposed calculations:

- Level 4-8: 7.8 (Execution) x3 = 23.4 Total Score
- Level 8->9: 7.8 (R1 Execution) x3 (=23.4) + 7.2 (R2 Execution) x3 (= 21.6) + 6.0 (DD) = 51.00 Total Score
- Level 9->10: 7.8 (R1 Execution) x3 (=23.4) + 7.2 (R2 Execution) x3 (=21.6) + 7.1 (DD) = 52.10 Total Score
- TUM and DMT scores will remain per the R&P.

**Motion to publish the following mobility scores without HD, to be used in virtual mobility events:**

- **Level 4-8: 23.40**
- **Level 8->9: 51.00**
- **Level 9->10: 52.10**
  
- **Motion: Jared**
- **Second: Juwan**

- **Vote: unanimous**

It was noted that Level 4-8 scores will be a recommendation only, per the current mobility policy.

### **3. Mobility Skills**

Each committee rep is currently reviewing their mobility skill videos and collating a PowerPoint for publication.

It was clarified that if necessary, it would be ok to reshoot mobility skills in order to produce the best result.

The deadline for this material is at the October 13 JOC meeting.

### **4. New Quad Mobility Scores**

This item was tabled for the next meeting.

Meeting adjourned at 12:40pm.
