Vault

The gymnast may perform two vaults, with the better score to count.

Three attempts are permitted to successfully complete one or two vaults. One Balk is allowed in the three attempts without penalty. A balk is described as a running approach that results in a fall during the run, stops mid-run, runs off the runway, or makes contact with the board or vault table without coming to rest or support on top of the vault table. The following examples are considered VOID (0) vaults:
1) Any additional balk, 2) Any attempt which results in the gymnast coming to rest or support on top of the vault table without passing through the vertical plane. A fourth approach is not permitted.
